

Agricultural Engineer

We are looking for an agricultural engineer to join the team at Pengelly Farms Ltd in Leedstown, Cornwall.

// JOB DESCRIPTION & KEY RESPONSIBILITIES //

Working alongside other engineers, you will support the day to day running of the farm workshop by;

- ✘ carrying out in season repairs and out of season refurbishment,
- ✘ taking responsibility for planning and recording of service/maintenance work,
- ✘ undertaking fabrication, project and repair work around the farm,
- ✘ monitoring and completing stock control of spares, consumables, fuels and oils,
- ✘ keeping a tidy, safe working environment.

Ideally you will;

- ✘ be qualified by experience or via agricultural engineering qualifications,
- ✘ have a thorough understanding of the agricultural industry,
- ✘ supply your own tool kit.

Our ideal candidate will be a self-motivated and enthusiastic individual who can work both independently and as part of a team.

Candidates should operate with a can-do attitude and be time-efficient.

// **REQUIREMENTS** Full UK Driving License

// **HOURS** Full-Time // Part-Time (Negotiable)

// **HOURLY RATE** Competitive

If you're looking for a new opportunity with a forward thinking company, recognise yourself in the description above and would like to join us, please send a **CV** and **Covering Letter** to us via post or email.
